'LAST WORD' NOTE ON U-BOAT

Insisting Submits an Exhaustive Review of Evidence to Wilson; Deny Gerard Told to Get Ready

By International News Service.
Washington, April 15.—Another attack by a submarine on an armed merchant ship, an American one, is reported to the State Department this afternoon. Consular General Akers at London cabled that he had received a report from Consul Lathrop at Cardiff, Wales, stating that John H. Harwood of Chicago, a seaman on the Morgan Abbey, had reached there, stating that the Morgan Abbey was sunk by a submarine without warning on April 6, sixty miles south of Lland.

Washington, April 15.—The rage was set today for the final wind-up of the controversy between the United States and Germany over the illegal attacks by submarines on unarmed merchantmen.

Secretary of State Lansing spent two hours digesting the affidavits and evidence dealing with the sinking of the Morgan Abbey, and other recent cases, in which American rights were violated.

He prepared a voluminous digest of this evidence which he sent to the White House and which now is before the President. It will be incorporated in the note which the President expects to send to Berlin within the next two days.

NO ORDERS TO GERARD.
Reports that Ambassador Gerard already has been notified to get the affairs of his office in shape so that he could leave Berlin were said to be official circles to be "premature." No such order had been sent, Secretary Lansing said. That it will go on official circles to be "premature" through the International News Service, the official word of the State Department is not in question.

GERARD'S SILENT.
Whether, in the present state of public opinion in Germany, concessions that will satisfy the United States can be made, was a subject on which no responsible official would accept an opinion.

Count von Bernstorff refused to discuss the outlook at all. He evaded questions dealing with the message that he is known to have received from his home government during the last two days. But it was rumored that he personally had conferred with the German executive and that the reply in the Sussex case was considered here as being excessive and very much contradicted by what President and Congress had said.

What effect that will have on the German side is not known.

Latest War Bulletins

London, April 15.—The British steamship Shenandoah has been sunk by a mine with the loss of two members of her crew. The captain and the remainder of the crew were landed today. The Shenandoah, a vessel of 3,885 tons, hailed from Liverpool. She sank in twelve fathoms of water.

The Hague, April 15.—The news of an attempt by a woman to assassinate Dr. Karl Liebknecht, the Socialist leader, in the German Reichstag, was brought here today by travelers from Berlin. Two shots were fired, both of which missed. The woman was arrested, but the German papers were forbidden to publish the incident.

Hamburg, April 15.—The German prize court today captured the seizure of the Swedish ship Ida, which was captured by a German man-of-war while on her way from Sweden to Hull, England.

WILL IS UPHELD B. & M. STRIKERS MARCH TRACKS FOR RECRUITS

Worcester, April 15.—The will of Mrs. Muriel Whitmore of Taunton, which she made in the "twilight sleep" case, was upheld in a verdict reported by a supreme court jury before Chief Justice Rugg today.

Counsel for the contestants will appeal on exceptions.

Mrs. Whitmore, president in both the D. A. R. and the Eastern Star, died of the flu at her home in Taunton, Mass., on Oct. 12, 1914.

Her will was contested by her two sons, Mr. and Mrs. Mary J. Reardon of Taunton.

The contestants raised three issues, whether the will was properly made, whether Mrs. Whitmore was of sound mind when she made it, and whether she was unduly influenced by the chief beneficiary, Mrs. Holbrook.

The jury found for the will on all three issues.

The jury took the case at 2 p. m. and reached a verdict at 2 p. m. today. The verdict was sealed and was stated this noon.

The "twilight sleep" feature entered the case in one fashion. Mrs. Whitmore died at the Worcester Memorial Hospital on October 12, 1914. The will was drawn on September 27, or 13 days before her death.

AYLWARD OUSTED BY ROCKWOOD

Cambridge City Solicitor Forced Out by Mayor, Who Gives Job to His Political Adviser

Mayor Wendell D. Rockwood of Cambridge today removed from office City Solicitor James P. Aylward, appointing Attorney Harry E. R. Dolan in his place.

Aylward is a prominent lawyer in a former position of the Cambridge Ward and City Committee of Cambridge, and campaign adviser for Mayor Rockwood in the latter two campaigns.

The mayor was able to remove Aylward through the provisions of a newly enacted law, which permits a mayor to take such actions without going to the City Council.

The removal of Aylward was not only a surprise, and it has been expected in Cambridge political circles for some time.

MAY PROSECUTE STANDARD OIL MEN
By International News Service.

Washington, April 15.—Officials of the Department of Justice announced this afternoon that they are considering bringing criminal action against John D. Rockefeller, John D. Archbold and other Standard Oil officials and directors.

It was stated that the department's decision to do this is based on the standard oil trust's failure to carry out that action, which was carried out in 1911.

An early decision is to be reached in the Standard Oil case, which is now pending in the Supreme Court.

Officials are anxious to see the Standard Oil case decided, as it is responsible for the increasing prices of oil.

Warships Get Big Welcome

There were stirring times at the Charlestown Navy Yard, the event being the arrival of a portion of the Atlantic fleet under command of Rear Admiral De Witt Coffey.

The ships have just returned from Cuban waters where they have been participating in maneuvers.

The men will be allowed shore leave in a few days.

NO WORD FROM U. S. FORCE FOR 3 DAYS

By Wallace E. Smith.
International News Service photograph.
El Paso, Tex., April 15.—Army aviators brought the news to Columbus today that about 6,000 Carranzistas from the State of Sonora were assembling along the American line of communication in Chihuahua. The train detachment, the aviators reported, is in the neighborhood of Juarez and is supported by machine guns and field pieces. This information apparently contradicts Mexican official denials of a mobilization in Chihuahua, of Sonora soldiers.

By International News Service.
Washington, April 15.—The U. S. government is very seriously concerned over the massing of Carranzista troops along the lines of General Pershing's communication in Mexico. This feeling of unrest is added to by an absolute failure to get into touch with General Pershing, who is at the extreme front in person.

Pershing has not reported in three days, officials say, and General Fred Funston seems to be unable to get into touch with him. Army aviators are now trying to reach Pershing to find out just what is the matter.

It was pointed out in the White House today that last night's midnight conference between Secretary of War Baker and President Wilson dealt with the reported movement of Carranzista troops.

UNFRIENDLY ACT CHARGED.

The fact that some 2,000 men, well armed and equipped, under the command of General Gomez, have been moved from Sonora to Chihuahua, where they are in position to cut off the American expedition, within the last forty-eight hours is declared by army officials to be an unfriendly act.

Secretary Baker on told the President, and it is understood that the State Department is now asking an explanation of this move.

The general tension over the Mexican situation was growing today. Officials frankly said that the last trouble tomorrow, as Sunday is a feast day in Mexico.

CARRANZA ROOPS A RE-MASSED NEAR PERSHING'S LINE

ENRAGE TO TROOPERS' MASSACRE IN PARAL

Continued from First Page.

Despite the fact that officials deny the receipt of an official report of the Carranza attack from a military commander, there is a general feeling in this city to believe that this denial is of a diplomatic character. Very little one message has reached Washington from General Pershing, which is believed to contain the story of the Carranza attack. Carranza's army officers are believed to have been ordered to attack the Carranza army at Parol. Neither the White House nor the State Department has yet issued a statement on the Carranza attack. Demands Congress Direct Wilson to End Export of Ammunition to Mexico

By International News Service.

Washington, April 15.—Representative RODENBERG of Illinois today introduced in the House a resolution directing the President to put an immediate stop to the exportation of arms and ammunition into Mexico.

Today's papers make the astounding announcement that as late as yesterday the State Department issued a permit to the de facto government of Mexico to purchase 100,000 pounds of small arms ammunition from Douglas, Ariz., across the line to Agua Prieta, Rodriguez said in discussing his resolution. "I regard the granting of this permit as a little story of crime."

Carranza has given abundant evidence of his treacherous character, and, unless all signs fail, the very ammunition which our benevolent and befuddled administration is permitting him to import will be used to kill our soldiers in Mexico. The ammunition used by Carranza in the Carranza attack on Parol, Texas, today.

It is high time that Congress should pass legislation to prevent a repetition of this fearful incident. The Carranza army is believed to have been ordered to attack the Carranza army at Parol. The Carranza army is believed to have been ordered to attack the Carranza army at Parol.
